(Possible Answers)

9. Be able to compare and contrast Prehistoric Indians to Historic Indians. You will need three similarities and three differences.

Similarities	Differences
1. Hunted small animals	1. Paleo-Indians hunted large animals such as mammoths and mastodons
2. Traded	2. Paleo- Indians moved from place to place following their food source
3. Dressed in animal furs	3. They all had unique cultures

Answers will vary

**10. Vocabulary**

**Paleo-Indians** \_\_\_\_\_  
They hunted large animals, moved from place to place, traveled in  
bands of 25-50 people, slept in caves and under cliffs, gathered, traded, and  
dressed in animal furs.

**Archaic Indians** \_\_\_\_\_  
They hunted small animals, settled in an area, gathered, formed villages, built  
homes, traded, and made things.

**Mound Builders** \_\_\_\_\_  
The Adena, Hopewell, and Fort Ancient people built mounds in a variety of  
shapes for a variety of reasons.

**Historic Indians** \_\_\_\_\_  
The Wyandot, Miami, Mingo, Ottawa, Shawnee, and Delaware lived in Ohio  
during the 1700's. They each had their own unique culture. They focused on  
their family and respect.

11. Be able to answer questions based on this time line.
