

## **Project Presentation Requirements**

### **Create an Electronic Presentation (Google Presentation or Power Point)**

- **Summarize your project experiences in an outline form addressing the following items:**
  - **Project Description – Who was your sponsor? Where did you go every day?**
  - **What were your original goals and objectives**
  - **Describe your Daily activities**
  - **Were intended goals accomplished? Why/Why not?**
  - **Skills acquired and procedures learned**
  - **Unexpected experiences**
  - **Positive/negative aspects of experience**
  - **Personal qualities developed/discovered**
  - **Exceptionally helpful person(s)**
  - **Conclusion – overall comments**

### **Design and Create a Tri-board to include:**

- **Word-processed Project title in a large, visible, professional font, centered close to the top of the center panel on the board**
- **Your first and last name in a large, visible font, professional font, positioned in the lower right-hand corner on the right panel of the board**
- **A creative, neat, visually attractive balance of print and media (pictures) evident of thoughtful, purposeful, reflective effort**
- **Word-processed text –no freehand printing or cursive writing**
