FINANCE COMMITTEE - Mr. Swartz

Mr. Swartz summarized the Finance Committee Meeting discussion that took place prior to this meeting at 6:00 p.m. He noted that the District's actual receipts of property tax collections through the August 3rd advance is showing a \$450,000 decrease from the prior year. This could very well be a timing difference due to delinquent tax collections, but we will not know until the second half settlement is received in late September/October. Mr. Swartz also noted the discussion that took place surrounding the development of a formula and policy relating to carryover balance for the General Fund. He will be working with Mr. Markus and the rest of the administration along with the other Board members in coming to an acceptable approach. At the request of Mr. Milano, Mr. Swartz will also begin to look at putting together a committee to review the five-year forecast and related assumptions.

STUDENT ACTIVITY PARTICIPANT RULES

I. GENERAL STATEMENT

All students are encouraged to participate in a wide variety of activities such as performing groups, clubs, service organizations, publications and school teams. By joining a school organization, however, certain standards and expectations are required of students. Students must seriously accept the responsibility and privilege of representing our school and community. This is achieved by displaying sportsmanship, ethics, and integrity above which is required throughout the school day; as defined:

- SPORTSMANSHIP - playing fairly, accepting results gracefully, and displaying acceptable conduct at all times.
- ETHICS - a discipline dealing with good and evil and moral duty, a moral principle or practice.
- INTEGRITY - adherence to a code of values, sincerity, honesty, and candor.

Students who wish to participate in the Activity Program must be willing to accept the guidelines, rules and regulations of the activity. Such guidelines shall include rules in effect such as attendance at practice/meetings, requirements for earning awards, training rules, academic eligibility, and any other statements concerning contests, practice sessions, or performances which may occur during school vacations or holiday periods. The student must put forth effort, which in the judgment of the coach/[advisor](#) will determine the extent of the students' participation.

II. PARTICIPANT RULES

- A. Participation in the Rocky River Student Activity Program is a privilege, not a right. Students can be removed for misconduct, rules violations, or non-attendance in the activity by the coach/advisor and administration.
- B. The Student Activity Participant Rules begin the first day of school (or the first day of official practice, if earlier) and are intact until the last day of the school year. The alcohol/drug/tobacco offenses accumulate throughout the school regardless of whether the participant is currently active or not.
- C. The school discipline code, training rules, and all penalties therein are in effect at all times (24 hours a day).
- D. Any student serving a suspension, either in school or out, cannot participate in any activity on the day of the suspension.

- A sports season officially begins on the first day of practice and ends when the school banquet is completed.

An **athlete** is defined as follows:

- An athlete is a student who possesses skill, ability, fitness and conditioning to play the sport of choice. To qualify to play, an athlete must meet both local school district and the OHSAA eligibility rules and regulations.

PARTICIPATION

A high school athlete may participate in more than one sport per season, but must designate his/her primary and secondary sport. Both coaches must be in complete agreement before an athlete would be permitted to participate in more that one sport per season.

EQUIPMENT

School equipment checked out by the student/athlete is his/her responsibility. He/she is expected to keep it clean and in good condition. Loss of any equipment is the athlete's financial obligation.

MISSING PRACTICE

Team members are expected to be present at all practices, team meetings, contests, and special occasions, which may occur during school vacations or holidays unless excused by the head coach.

TRANSPORTATION

- All athletes must travel to and from athletic contests via school transportation. **Exceptions may be made only with advance requests to the Athletic Director.**
- A transportation fee of \$50.00 is charged to those students whose names are submitted on the official team/activity roster. ATHLETIC ELIGIBILITY

The Rocky River City School District will operate in accordance with the Ohio High School Athletic Association's rules, regulations, and policies as they pertain to academic eligibility. The Board permits students in grades 7 through 12 to participate in interscholastic co-curricular activities if they meet the following criteria:

A high school student must:

2. Have received, during the preceding grading period, passing grades in a minimum of 5 one-credit courses or the equivalent which count toward graduation; and

Semester and yearly averages and semester/final exam grades have no effect on eligibility.

Students deemed ineligible at the onset of the sports season will not be able to participate in any games or contests. The eligibility or ineligibility of a student continues until the start of the fifth school day of the next grading period.

Exception: You are permitted an earlier start date to restore eligibility for students who had their grades evaluated prior to the start of the fifth school day after the end of the grading period.

[Seventh and eighth grade students must be currently enrolled in a member school and have received passing grades in a minimum of five subjects that receive a grade or a pass/fail in the immediate preceding grading period.](#)

RESIDENCE

A student is eligible at the school located in the OHIO school district where the parent or legal guardian resides when all other eligibility standards are met. If your parent/legal guardian lives outside of Ohio, you are not eligible unless you meet one of the exceptions to the residency bylaws. When there has been a change of custody, the student must reside in the same school district with the legal guardian.

CITIZENSHIP

Students are expected at all times to represent themselves, their parents, the coaching staff and their community in an exemplary manner.

holiday periods. The student must put forth effort, which in the judgment of the coach/advisor will determine the extent of the student’s participation.

Participation in the Rocky River Student Activity Program is a privilege, not a right. Students can be removed for misconduct, rules' violations, or non-attendance in the activity by the coach/advisor and administrator.

ATHLETIC RECRUITING INFORMATION *Subject to change upon review by the OHSAA

Our goal for student athletes is to provide the best opportunity for competition. We take great pride in our athletic programs and consider them integral to the overall development of our students. Our "River Pride" is evident in each and every athletic program.

Under Ohio High School Athletic Association (OHSAA) rules, a student is considered a prospective athlete after entering the seventh grade. However, after enrollment in seventh grade, any attempt to recruit a prospective student-athlete for athletic purposes is forbidden. Any use of influence to recruit by another school outside the school district of a prospective athlete is prohibited.

Prior to enrollment in the ninth grade, a student -athlete may visit a public or non-public high school in contemplation of transfer, as long as that contemplated transfer is consistent with the Board of Education board policy and arrangements for the visit are made through the principal and /or school administrator designated by the Board of Education.

Mass marketing by a school directed to a general population of students does not constitute prohibited recruiting. Marketing to an individual athlete is prohibited, examples being birthday cards, recruiting letters, notes, personal contact, phone calls, etc. If you or your child receives a questionable contact, please inform the head coach or athletic director to ensure your son's or daughter's athletic eligibility will not be jeopardized.

Any violation of the recruiting prohibitions shall cause the recruited student-athlete to be ineligible upon transfer and the school to which the recruited student-athlete transfers shall be subject to sanctions. You need to be aware of these restrictions to prevent your child from running afoul of OHSAA regulations.

The Rocky River Athletic Department conducts an assembly for all 7th and 8th graders in the spring to introduce our head coaches at the high school and distribute pertinent information on our athletic program. Our head coaches provide information about summer camps, starting dates for respective sports seasons and any other information specific to their respective sport. Time is available at the end of the assembly for prospective athletes to ask questions of the high school coach in the sport they are going to participate in the next school year.

Our high school coaches have major input into the middle school athletic programs in our school district. They attend many games and get to know our players and are readily available to answer questions and provide encouragement.

Hopefully, the above information will assist you in understanding recruiting and also some of the things we do in the Rocky River City Schools to assist your student-athlete in making a smooth transition to the high school.

PARTICIPATING IN TWO SPORTS DURING ONE SEASON

- Policy applies to high school athletes only.
- Policy requires that athletes name a “primary” sport and a “secondary” sport.
- The policy is intended for only a limited number of student/athletes in a “primary” sport that could perform a very *specific* role in a “secondary” sport. For example, a member of the soccer team that could kick for the football team. A member of the baseball team that could compete in the high jump for the track team.
- The policy is NOT intended for athletes to have two “primary” sports.
- All decisions are to be made between the student/athlete and the head coaches of the “primary” sport and the “secondary” sport. Either head coach may refuse a student participation in a “secondary” sport.

Guidelines

1. Student/athlete indicates desire to compete in more than one sport per season
2. Head coaches of sports involved discuss the possibility
3. Head coaches inform student/athlete and Athletic Director of decision
4. Head coaches make arrangements for the following:
 - a. Designation of “primary” and “secondary”
 - b. Game schedules
 - c. Practice schedules
 - d. Scholar/Athlete awards (if necessary)
 - e. Rainouts, Playoffs, etc....
 - f. Communication with student/athlete and parents
5. Head coaches communicate with each other and the student/athlete during the season
6. [A conference will be held with head coaches involved and the Director of Athletics and Activities to determine if the request to participate in two sports is in the best interest of the student athlete, head coaches involved, and the practice and game expectations can be fulfilled in a satisfactory manner.](#)

REQUIRED FORMS

The following forms must be returned to your coach/advisor before you can practice or officially participate in athletics:

- Physical Exam Form / OHSAA Authorization Form
- Emergency Medical Authorization Form
- Athletic / Activities Signature Form
 - Student Activity Participant Rules
 - Athletic Medical Waiver
 - Release And Acknowledgment of Warning By Student and Consent of Parent/Guardian

PARENT –COACH COMMUNICATION

Parent/Coach Relationship

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to children. As parents, when your children become involved in our program, you have a right to understand what expectations are placed on your child. This begins with clear communication from the coach of your child's program.

Communication you should expect from your child's coach

- Philosophy of the coach.
- Expectations the coach has for your child as well as the players on the team.
- Locations and times of practices and games
- Team requirements: fees, special equipment, weight lifting.
- Procedures to be followed should your child be injured during participation
- Student misconduct that results in the denial of your child's participation.

Communication Coaches expect from Parents

- Concerns should be expressed directly to the coach
- Notifications of any schedule conflicts well in advance.
- Specific concern with regards to a coach's philosophy and/or expectations

Appropriate concerns to discuss with Coaches

- The treatment of your child-mentally and physically
- Ways to help your child improve.
- Concerns about your child's behavior

Communication matters left to discretion of the Coach

- Playing time
- Team strategy
- Play calling
- Other student-athletes

These are delicate topics. Coaches are professionals. They made judgment decisions based on what they believe to be best for all the students involved. While you may have differing opinions than that of the coach with regards to the four topics above, you should follow the procedure that is listed below.

Protocol for communication with Coach and Athletic Director

- Student-athlete should talk directly to coach about concerns
- Parents call to set up a meeting with coach
- Parents and coach meet to discuss concerns
- Parents call Athletic Director to set up a meeting
- Parent and Athletic director meet to discuss concerns

Please do not attempt to confront a coach before or after a contest of practice. These can be emotional times for both the parent and coach. Meetings of this nature do not promote resolution. The Athletic Director should be involved only if student-athlete, parent and coach meetings do not provide a satisfactory resolution.
