YMCA OF GREATER CLEVELAND

COVID-19 Prevention Procedures

The YMCA of Greater Cleveland's highest priorities are the safety and well-being of our participants and staff. We meet or exceed all health department and CDC guidelines for COVID-19 prevention. We have been operating in this environment for months, having provided pandemic (essential worker) child care from the onset of COVID-19. We transitioned from that offering to Y CARES Learning and Enrichment Centers, Before and After School Enrichment and Early Childhood Enrichment using the same high standards and rigorous wellness checks, disinfecting processes, social distancing and other procedures to keep your child safe, engaged and happy.

COVID-19 PROTOCOLS:

- Staff and Students (k-12) are required to wear masks.
- We perform temperatures and symptom checks of staff and children daily upon arrival.
- All high touch areas (tables, toys, mats, etc.) are rigorously cleaned and disinfected daily before arrival, after each use, and at the end of the day.
- We incorporate innovative strategies to support social distancing.
- We limit the number of children at a table or activity.
- All children's belongings are stored in designated areas.
