

RISE PROGRAM

CLEVELAND STATE UNIVERSITY

WHAT IS RISE? ABOUT US

RECIPROCAL: Our campus and community benefits from the skills, passions, and unique perspectives of neurodiverse individuals

INCLUSIVE: We believe all individuals have the right to continued education alongside their peers

STUDENT: We provide an authentic and accessible learning environment

EXPERIENCE: The wholistic college experience will prepare our students for successful, independent futures

WHAT DOES THE PROGRAM ENTAIL? CURRICULUM

Students will take a combination of independent living, career development, and self-determination and advocacy courses. They will also take general education classes with degree-seeking peers, and be placed in work internship placements around Cleveland State University and the community.

Students will have the opportunity to join campus organizations, recreation sports teams, and attend all university events.

INDEPENDENT LIVING

Students will learn skills such as home safety, finance management, community navigation, social skills, and healthy habit formation

CAREER DEVELOPMENT

Career readiness skills such as resume writing, filling out applications, interviewing, and appropriate work-place behavior will be addressed

SELF-DETERMINATION AND ADVOCACY

Students will learn about disability advocacy, their rights through the ADA, and the power of choice in directing their lives
