OUR TEAM

At The Treehouse, our play groups are facilitated by pediatric occupational and physical therapists who are trained to provide a positive play experience for all kids, regardless of ability level.

WHO WE SERVE

We work with children with a variety of diagnoses and concerns including: autism, developmental delay, language delays, cerebral palsy, Down syndrome, and ADHD.

We also work with many typically functioning kids whose parents are looking for fun play opportunities to promote social skills, motor skills, and self-regulation skills.

OUR ACTIVITIES

Common group activities include: movement games, fine motor craft activities, social skills activities, and sensory exploration.

FAMILY SUPPORT FUNDS

If your child has a diagnosis and receives family support funds, we can accept these CCBDD funds to cover the cost of our fees. Please contact us for more information.
