

FRIDGE FACTS

The Room 205 Newsletter Edition #38

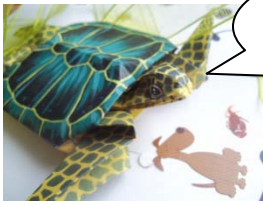

Mrs. Wilhelmy's Class

May May 28 – June 1, 2012

What is going on in:

Reading? We celebrated Asia this week and are moving very fast through **Africa**. We will be sharing some folk tales, fairy tales, poems, and biographies from this part of the world.

Hey, kids! Your last book reports were **AWFSOMFI**!

Do you know this face?

Math? In math this week we will be working in Unit 10. The study sheet will go home on Tuesday and the **test will be on Wednesday**.

Science? Our unit is called **Forces and Motion**. We will relate the concepts and vocabulary from this unit to the game of **baseball**. This week we will be thinking about forces and how to stop a motion.

What science do you see, and who are these courageous legends?

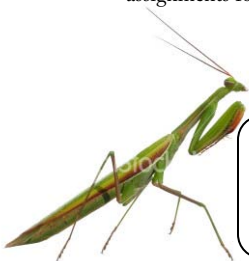

Social Studies? We will be looking at some more **changes Rocky River has gone through over its history**.

Where is this? When was it originally built?

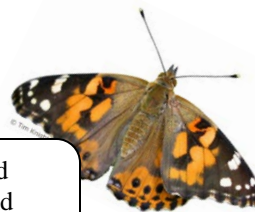

Foundations?

For the remainder of the year we will be reviewing Foundations concepts and practicing cursive handwriting. There will be no more tests or homework assignments for Foundations for the year.

We are parents x 156! In one week, our six Painted Lady butterflies emerged from their chrysalises, and about 150 praying mantis babies were born!

Other important information?
