

# FRIDGE FACTS

The Room 205 Newsletter Edition #40  
Mrs. Wilhelmy's Class  
Summer, 2013

My dearest Third ...Fourth Graders. You made me feel like a star this week. Thank you for your lovely words and thoughtful letters. I will cherish them always. You are a special group of children and your parents have reason to be so proud of you. Thank you for coming to school every day and spending time with me. I enjoyed every single moment. I know that I am sending the fourth grade teachers students who are ready to take on any challenge thrown their way. Congratulations, my beautiful third graders. I couldn't be more proud and grateful. -Mrs. W

Mrs. Cipriani was kind enough to provide a copy of the **summer reading list** that your kids will be working with this summer. Please guide your children as they read at least two books from the suggested author lists (others would be accepted), and record their reading on the list provided. The list will also be available online.

Snow Treasure summer blog

For those of you who have enjoyed Snow Treasure, keep reading! My summer plan is to create a blog on which you may respond to chapters and information about this story. Let's not stop, just because you are now a fourth grader!

I'll send contact information through email as soon as I get it all set up. ☺

- ❖ **Math Fact Challenge:** The fourth grade math teachers have presented a challenge to their future students. A packet will be going home today in the Friday Folder describing the idea. Kids are asked to practice math facts over the summer and **HAVE FUN** doing it! Any student from my third grade class to complete the program, plus do a little extra in some way will receive a copy of next year's BCs delivered right to their new fourth grade classroom. Practice this summer!!!
