Summary:

The 2008 Rocky River Junior Varsity Football Team enjoyed a fantastic season. The season was highlighted by two shutouts, an offense that averaged 28 points a game, a nine game winning streak, and a dramatic come from behind victory over Avon!

Many players had outstanding performances throughout the season. More importantly, the team learned key lessons on accountability and the importance of teamwork in a season where several different players were called upon to make game-altering plays. With continued development, strength training, and a commitment to the program, future expectations will be set high for the group of young men who made up the 2008 Rocky River Junior Varsity Football Team.
