Mapping Out Our Week

Reading: Reading Workshop

We will be working on the reading strategy of predicting this week, as well as the skill of theme. Students will be reading a variety of texts as they learn these important concepts. Information about November's Book vs. Movie Club will be coming out this week as well.

Writing: Writing Workshop

In writing, students will be reviewing letter-writing and learn about writing in a persuasive manner. We will also be continuing our grammar study of nouns. Students are progressing nicely through their lower-case letters in cursive! I'm proud of their efforts at becoming writers!

Math: Unit 3 – Perimeter

Perimeter will be our focus in math this week. We will be learning about how to find perimeter when given all of the side lengths. Students will also explore finding the missing side length when just the perimeter is given. The unit 3 test will be the week of November 10th.

Social Studies: Cultures

In social studies, students will learn about the different cultures that are represented around the greater Cleveland area. Students will be learning some research techniques as they read about several different cultures.

Events of the High Seas

10/31 - Happy Halloween!

10/31 - Report cards sent home
