COMMITTEE AND REPRESENTATIVE REPORTS

FINANCE - Ms. Goepfert

- i. Review of monthly and fiscal YTD financials
 - Mr. Markus reviewed the monthly and fiscal YTD financial reports and trends
- ii. Permanent Improvement Plan Review
 - Mr. Markus reviewed a current working draft of the Permanent Improvement (PI) Plan, including a review of revenue sources currently accounted for in the plan, and the effect of a .25 mill PI levy that may be a part of a combined operating and PI levy request in 2021. He also reviewed the various projects such as the HVAC improvement project, technology upgrades, Kensington sanitary sewer improvement project, and other recent projects that are at or very near completion, as well as other projects that have been put on hold such as the high school cafeteria upgrade and middle school media center projects. This capital plan will be reviewed again by the spring of 2021 to assess where the district is financially, especially due to the effects of the ongoing pandemic and after a decision is made on an operating/PI levy, to determine what future projects may be authorized and what situations have come up in the meantime.
- iii. Pending Levy Discussion (Continued)
 - Mr. Markus surveyed the Board on their thoughts regarding a May levy request. The consensus was that an incremental levy approach, although helpful as an option, would tend to confuse voters. A traditional levy request was preferred. Further, a four or five year planned levy cycle was discussed and the consensus was that a 4.9 mill maximum levy (net 3.9 mill after debt service millage drop-off in January of 2022) is the preferred route to go, but further discussion can be had in November prior to any decisions being made. Mr. Markus will discuss options again when he presents a five year forecast update for approval on November 19.
