

Room 208's Weekly Newsletter

Week at a glance

math workshop	<p>This week the students will start Chapter 2 of our Go Math program. In this chapter, the students will interpret, analyze and create frequency charts, pictographs and line plots.</p>
Reading workshop	<p>We are so impressed with our readers! Last week, the students created AMAZING sequencing paragraphs that just blew our minds! The students read a realistic fiction text of their choosing and used transition words to sequence the story from beginning to end! Wow! This week we will looking at biographies and studying inventors that have impacted our world. We will be focusing in on cause and effect and asking and answering thin and thick questions.</p>
writing workshop	<p>This week we will be focusing in on writing strong paragraphs. We will start by brainstorming details that support our topic and then come back to our ideas with an introduction and conclusion sentence the wrap the details up.</p>
science S.S.	<p>We will continue our study of maps and focus specifically on alphanumeric grids. On Friday, the students will be asked to bring in a baby picture. We will create a classroom alphanumeric grid and place the baby pictures in each spot. We will then try to guess who is who!</p>
Foundations	<p>We will be starting our third unit in Foundations this week. Our focus will be on identifying vowel consonant e words (i.e. <u>dive</u>). This unit is only one week 1 and a review of second grade concepts. We will assess the students on Friday.</p> <p><u>Sound Alike Words:</u> plain and plane</p> <p><u>Cursive Letters:</u> c, a and o</p>

**Super Star

Sun	Mon	Tue	Wed	Thu	Fri	Sat

Success Maker: Rocky River K-5 students have home access to SuccessMaker. This computer learning program has been improved and now works on Chrome Books. Your child will receive new login information in October. This program offers great practice and provides fifteen minute sessions of language arts and math. Information on how students progress will be available to teachers as well.

Parent Volunteers!

This Thursday (10/9) and next Thursday (10/16) from 1:50-2:35 we are looking for parent volunteers to help us with a social studies project! We will be creating physical maps using salt, flour and paint. On 10/9 we will create the framework for the map and on 10/16 we will paint it. If you are interested in helping out during one of these social studies classes, please email me a.s.a.p.!

Classroom Needs

- 6 Bags of Flour
- 4 Cans of Iodized Salt
- Poster board sized cardboard

Email me at paul.beth@rrcs.org
