# Rocky River High School

## School Communication on Coronavirus

When making school-related decisions surrounding Coronavirus Disease 2019 (COVID-19), or any matter of public health, including school closure, cleaning protocol, and other recommendations, the Rocky River City School District (RRCSD) will always turn to the guidelines and recommendations of the National Centers for Disease Control (CDC) and, by extension, our county health department.

## Advanced Placement Scholarship Opportunity

The College Board Opportunity Scholarships (CBOS) became available to students last year on the television program, Good Morning America (December 2018). Students, in their junior year, can enter this scholarship program. The College Board is awarding 25 million dollars over the next 5 years to students who do the typical things as they prepare for life after high school. Just by joining the scholarship program, and completing some basic tasks, your kids enter into a drawing for the various scholarships and winners are chosen monthly. Please visit the link [here](#) and here for more information.
