Teacher of the Month

March, 2013

Our Teacher of the Month is extremely conscientious in the fulfillment of duties. This teacher has established clear and purposeful professional goals and exudes energy, focus, and enthusiasm to achieve them. This honoree is a candid, positive, and optimistic person! And... a natural teacher.

A new teacher, she transitioned into her position and took charge of whatever was thrown at her, including construction. Now, she has developed an excellent rapport with her students and has established strong interpersonal relationships with both students and colleagues. Skilled in the art of leading a group and allocating responsibility and accountability toward common goals, our honoree has redefined the term “First Year Teacher.” Most recently, both her Treble Ensemble and Chorale received Superior ratings at Ohio Music Education Association competition and will move on to the state level. Way to go!

Rocky River High School appreciates the terrific, professional work of our honoree. Once again, Salmon Dave’s Restaurant has graciously provided a $50 gift certificate, for which we are very grateful, as we present it to the March, 2013, Teacher of the Month:
